

*Dates of the Parts of P. S. Pallas's 'Icones Insect. p. Ross. Sibir.' and 'Nov. spec. Quadr. Glirium.'*

*To the Editors of the Annals and Magazine of Natural History.*

GENTLEMEN,—As there appears to be some doubt as to the exact dates of publication of the parts of the above works, the following notes may be of service to your readers\* :—

PALLAS, PETER SIMON. Icones | Insectorum | praesertim | Rossiae  
Sibiriaeque | peculiarium | quae | collegit et descriptionibus |  
illustravit | Petrus Simon Pallas | M.D. | Academicus Petro-  
politano | Erlangae | sumtu Wolfgangi Waltheri. |  
CICD IO CCLXXXI.

Part I., pp 1–56, 3 pls. (A, B, C). 1781. [Cf. *Gött. gelehr. Anz.* (Zug.), 1782, p. 651; Böhmer, *Bibl. script. hist. nat.*, Zool. ii. (2), 1786, p. 169.]

Part II., pp. 57–96, pls. D, E, F. 1782. [Cf. Dryander, *Cat. Bibl. Banks*, ii. 1796, p. 214.]

Part III., pp. 97–104, pls. G, H. 1798. [Cf. Dryander, *loc. cit.* (not received 1796); Engleman; Hagen; et alii].

Part IV. Hagen, *Bibl. Ent.* 1863 (ii.), p. 25, is the only bibliographer who refers to a 4th and 5th part; but as we are certain that p. 96 closed the 2nd part and pp. 97–104 all belong to sig. N, we may presume that Hagen was wrong in adding the Part IV. It is probable that the pls. I and K which he refers to as having seen, were intended for Part IV. [his "Heft 5"].

PALLAS, PETER SIMON. Novae species | Quadrupedum | e | Glirium  
ordine | cum | illustrationibus variis | complurium ex hoc ordine  
animalium | auctore | Petro Sim. Pallas | Academico Petropoli-  
tano | Erlangae | sumtu Wolfgangi Waltheri. CICD IO CCLXXVIII. |  
All bibliographers agree that this was published in two parts—  
I., 1778; II., 1779. In the *Gött. gelehr. Anz.* (Zug.), 1779,  
p. 472, "Fasc. I. sumtu Waltheri. 1778. Quart mit 5 Kup-  
ferplatten [i., ii., iii., iv A., iv B.] S. 70 † [pp. 1–70]," is  
reviewed; hence it is evident that Fasc. II. consisted of  
pp. 71–388, pls. v.–xxvii.
